Marex Properties - Pylon Sign

Location Toronto, Ontario

Designer / Architect Soheil Mosun Limited

Duration Apr 1986 - Jun 1986

Scope - Soheil Mosun Limited was contracted to design, fabricate and install the 11' x 4' stainless steel building and tenant identification pylon sign at 153 Cumberland Ave in Toronto's Yorkville district.

Highlights - This entire sign is xls blend stainless steel mounted onto a granite plinth. Name-plates are mechanically mounted and easily maintained by using vinyl graphics to add or remove tenant names. Address and street identifiers are acid etched and paint infilled.

Mechanically mounted name plates

Easy to maintain vinyl graphics

Precision acid etching

Etched address identifier

Facing west, the Pylon sign dominates and compliments surroundings

Superbly crafted
