

Bell Canada Enterprises Place - Hockey Hall of Fame Signage

Location Toronto, Ontario
Designer / Architect Tudhope Associates Inc.
Duration May 1994 - Jul 1994

Scope - Soheil Mosun Limited was commissioned to manufacture and install wayfinding signs for the Hockey Hall of Fame / Heritage Square locations.

Highlights - The outdoor identification pylon sign is made of waterjet cut brushed stainless steel, the sign faces are made of lexan plastic with back printed graphics and feature double sided internal illumination. The shield sign is a painted aluminum structure with brushed st. stl. trims and curved lexan graphic face which also houses internal illumination.
