

Concord Park Place - Summer Clouds Sculpture Installation

Location Toronto, Ontario
Designer/Architect Jaakko Pernu
Duration Nov 2010 - Nov 2011

Scope - Soheil Mosun Limited was contracted to fabricate and install this major sculpture installation at the Concord Park Place Condominiums..

Highlights - Constructed of Corten steel, the largest of the three (3) sculptures is 51' long, 17' high and 11' wide. The second largest of the trio is 20' long, 17' high and 11' wide. The third and smallest of the three is 15' long, 17' high and 11' wide. The sculptures themselves are comprised of waterjet cut plate of Corten steel at .25" thickness and welded. The legs of each sculpture are rolled and then seam welded to give a tree trunk look to the finished sculptures. These sculptures are virtually maintenance free.
