

Daniels HR Corporation - Artworks Tower

Location Toronto, Ontario
Designer/Architect Camille Jodoin-Eng
Duration Oct 2021 - Mar 2023

Scope - Soheil Mosun Limited was commissioned to manufacture design, supply and install this large work of public art titled "Artworks Tower" at 688 Dundas Street in Toronto. The sculpture is located within the main entrance to the building in a wall to wall, ceiling to floor, coloured glass and painted metal framework.

Highlights - This massive public artwork is constructed of a welded and painted aluminum frame and specialized annealed, laminated, coloured safety glass, framed and mounted within the structure. The complete structure is 22.5' tall x 27' wide. Twenty two (22) framed and distinctly coloured glass pieces mounted into aluminum frames are the principle feature. The structure is secured with special embedments design manufactured by Soheil Mosun Limited into the existing substrates.
